A New Place, For All People.

This is a new addition to our church. We invite those who are exploring this thing called faith, as well as life-long worshipers. We are all travelers. This will be a perfect place for people in many different places in their spiritual journey.

What will this service look like?

Plan to be here for just about an hour. We will have an acoustic worship band leading worship. Josh Krakos, Assistant Pastor at WUM will be leading a service of music, prayer, and with a message. Also, the message will be brought by a different person every fourth Thursday, with a witness to share.
