OUR STYLE

The Young Adult Ministries at Webster United Methodist Church is based off of creating intentional community. We have a series of different long-term, short-term, and one-time events. Our only purpose for these events is create space for community to be formed. We have no quota to meet, we simply want you to join us!

All of our classes are created by young adults for young adults. At the forefront of all of our planning we are committed to doing our best to create spaces that are opening and affirming to all people of all backgrounds. This is on the basis of race, sexual orientation and gender identity, abilities, and yes even faith beliefs. We want you to join in community with us and take a risk to join one of our events!

Because of our belief on inclusion, our events often are also centered around creating spaces to be focused on justice within our community and deconstructing oppressive systems. That being said, we are not perfect at all in this regard. We are still bias, and participate sometimes in these very systems. But, we want you to join with us in community to help break down these things. Who knows, you might find yourself leading one of your own classes one day!
