# WHAT IS THE MOUNTAIN SERVICE?

The Mountain Service is an alternative worship service founded in September 2019 out of the Methodist Church's mission of New Places for New People. We are a casual service focused on community worship and connection. We are here to affirm and celebrate your race, ethnicity, gender, economic status, sexual orientation, gender identity, and ability. All are welcome here.

## A NEW PLACE FOR ALL PEOPLE

We welcome anyone just beginning to explore their faith as well as life-long worshippers. We are all travelers in our own faith journeys.

## WHAT IS THIS SERVICE LIKE?

Service runs for just about an hour each week. There will be an acoustic worship band leading worship before and after the message. Once a month, we will share communion and have a guest deliver the message.
